

CURRICULUM VITAE

PERSONAL INFORMATION

Surname / First name Galli Enrico
Address Via San Francesco, 177 - 55049 Viareggio (LU) – Italy
mobile +0584 840908 (Italy)
+39 340 6260663 (Italy)
e-mail egfuori@libero.it
burlamacco.eg@libero.it
Nationality Italian
Date of Birth 26.09.1952

PROFESSIONAL CAREER

Period **April 2020 - today**
Business Sector Tissue paper general consulting
Company Self-employed – Burlamacco srl
Position Tissue paper specialist
Activities and Responsibilities Projects and products development, organization and optimization – Personnel formation

Period **March 2015 – March 2020**
Business Sector Tissue paper manufacturing (production and converting)
Company The Navigator Company - Portugal
Position Tissue specialist
Activities and Responsibilities During pre-engineering and project approval phase (staff of Project Manager):
- design definition of new greenfield Cacia Tissue Paper Mill
- technical specification of supply chain equipments
- offers technical comparison and realignment (according to approved budget)
During engineering, erection and start-up phase (staff of Project Manager):
- technical support to equipments negotiations
- erection planning and site erection management (support and supervision)
- process equipment start-up
After start-up phase
- support to production lines optimization
- PAT and FAT
- Product development support
- Complete course about Tissue Making (for marketing and commercial engineers)
- Support to pulp sales in tissue industry (EMEA)
Results:
- Budget: exceeded by 3.5% (including some not foreseen equipment)
- Converting lines start-up: 1st line: anticipated 1 week – 2nd line: anticipated 3 weeks –
3rd line: on time – TM: 1 week delay
- Learnig curve: TM: completed – Converting: completed

Period **March 2013 – March 2015**
Business Sector Tissue paper manufacturing (production and converting)
Company Syktyvkar Tissue Group - Russia
Position New technologies chief engineer
Activities and Responsibilities Project completion, erection and start-up (Semibratovo: converting in operation since 2013 end,
PM and DIP plant started up at 2014 end)
Mill Production Co-management (Semibratovo: converting optimization in progress)

Period	March 2011 – February 2013
Business Sector	Tissue paper converting
Company	Horizon Tissue (Singaporean Tolaram Group) - Estonia
Position	CEO – Member of Board
Activities and Responsibilities	Company Management Company turn-up: Q1 2011 result -13% -> FY 2012 +6% Accepted as supplier in biggest Scandinavian retailers White Swan Ecolabel & FSC certificate obtained
Period	November 2010 – February 2011
Business Sector	Tissue paper manufacturing (new paper mill)
Company	Horizon Pulp & Paper (Tolaram Group) - Estonia
Position	Project manager
Activities and Responsibilities	New paper mill design, erection and start-up (Kehra – project on hold)
Period	September 2008 – October 2010
Business Sector	Tissue paper manufacturing (production and converting)
Company	S.C. Monte Bianco - Romania
Position	Technical and production manager
Activities and Responsibilities	Manufacturing management (Targoviste paper mill and Pucioasa Converting Mill) New investments management: new paper mill erection and start-up (Targoviste – completed March 2009) napkins line upgrading (Pucioasa – completed February 2009) – Rolls line upgrading (Pucioasa – completed September 2009)
Period	April 2006 – August 2008
Business Sector	Tissue and offset paper manufacturing (production and converting)
Company	Italian FABio PERini Group S.p.A. – Holding Company
Position	Business development manager and Technical Manager – COMCEH Paper Mill (Romania – actually SOFIDE)
Activities and Responsibilities	New product development and commercial strategies – Toilet paper market leader in 2007 Paper making and converting production management – Production record in 2007 Technical and new investments management
Period	January 2005 – March 2006
Business Sector	Cardboard paper mill manufacturing (production)
Company	Cartiere Cardella S.p.A. – Paper Mill Company – Central Italy
Position	Mill Manager
Activities and Responsibilities	Mill management – In 2005 best company result in the past 10 years Water treatment plant optimization Technical and new investments co-management
Period	March 2003 - December 2005
Business Sector	Tissue Paper Mill Manufacturing (production)
Company	Tecnocarta S.p.A. – Paper Mill Manufacturing Company – South Italy
Position	General Manager
Activities and Responsibilities	Authorization activities for the Paper Mill Paper Mill project completion and erection Company organization and start-up
Period	2001 - 2003
Business Sector	Tissue Paper Mill Manufacturing (production and converting)
Company	Imbalpaper S.p.A (Actually SOFIDEL) – Paper Mill Company – Central Italy
Position	Technical and production Manager
Activities and Responsibilities	Technical and production Management Company CQ organization implementation New investments management PM and converting lines start-up

		New product development and support sales
Period		2000 - 2001
Business Sector		Tissue and offset paper manufacturing (production and converting)
Company		Italian FABio PERini Group S.p.A. Group S.p.A. – Holding Company
Position		Paper division development
Activities and Responsibilities		New tissue paper production line project manager – COMCEH Paper Mill (Romania – actually SOFIDEL) Converting activities optimization – CELSOFT (UK – actually SOFIDEL) Paper Mill production optimization – CELTECH (UK – actually SOFIDEL) New product development and support sales – CELSOFT (UK)
Period		1998 - 2000
Business Sector		Tissue paper manufacturing (production and converting)
Company		Kartogroup S.p.A. (actually WEPA) – Holding Company
Position		Management (different areas)
Activities and Responsibilities		Group CQ and new products development – new eco line for Coop Italia Support sales with international key accounts - 1 st Italian supplier of Carrefour PL Paper Company acquisition and new project management (Dalle Hygiene – France) New company management system co-implementation Converting mills management – Linder & Perla (Central Italy)
Period		1991 - 1998
Business Sector		Tissue paper manufacturing (production and converting)
Company		Jamont (after GP – actually LUCART) – Paper Mill Company – Central Italy
Position		Site erection manager – World Jamont shortest paper-to-paper shut down
Activities and Responsibilities		Project local activities management Authorization activities for the Paper Mill PM rebuilt and converting plant erection management
Period		1980 – 1991 + professional activities
Business Sector, position, companies and activities		# Tissue paper: project manager (Cartiera di Cassino – actually WEPA – Production converting – South Italy) technical consultant (Rotovalp – Converting – Central Italy), technical consultant (Star Paper – Production and converting – Nigeria), technical and product development consultant (Top Karta Go – Converting – Romania), technical consultant (Peharttech – Production and Converting – Romania), commercial consultant (Vajda Papir – Converting – Hungary), ecological certification management (Horizon Tissue – Converting – Estonia); # Cardboard paper: project manager (Cartiere Cardella – Combined cogeneration cycle, PM rebuilding – Central Italy), mill manager (Cartiera di Marlia and Cartiera di San Giuliano – Tampella Group – Central Italy); # Other papers: technical consultant (Cartiera di Arbatax – Newspaper paper – New projects and mill re-start up – Sardinia), Business plan (Cartiera di Varazze – Writing paper – Business plan control – Central Italy). # Others: (1) process engineer (MOBIL-GULF oil refinery – Northern Italy), new plants engineer (API oil refining – Central Italy), (2) production and technical manager (AGIP spent oil re-refining – South Italy), (3) project manager (Annunziata – methane steam cracking for hydrogen production, continuous saponification, stearin pearls prilling plant, pure glycerine, water treatment plant – Central Italy - DOSA - gas turbine and detergents drying – South Italy), (4) site mill managers coordinator (IMAL – maintenance service Company – power and refineries in Italy), (5) project manager (Piaggio – primary water treatment plant – Central Italy), (6) technical consultant (Toscotec – Tissue paper machine supply in Romania – Central Italy).

EDUCATION

Period	1971-1978
Qualification awarded	Chemical Engineer
Institute	University of Pisa, Italy
Thesis	Experimental tests on multi-components mixtures distillation

Evaluation | 102 /110

Former | Classical Liceum Viareggio, Italy

ADDITIONAL QUALIFICATIONS AND COURSES

During my professional life I attended to several specialization courses both in Italy and abroad according to the particular activity that I was having at the time: special desulphurization treatments and catalysts (oil industry), maintenance organization and strategies (mill management), project management, basic Economics (General management), paper industry technologies and environmental aspects.

ACADEMIC ACTIVITIES

Period	AA 1998/1999
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Professor
Course	Paper mill Plants – Tissue paper making and converting
Period	AA 1999/2000
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Professor
Course	Paper mill Plants ~ Tissue paper making and converting
Period	AA 2000/2001
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Professor
Course	Paper mill Plants - Tissue paper making and converting
Period	AA 2001/2002
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Professor
Course	Paper mill Plants - Tissue paper making and converting
Period	AA 2002/2003
Organization	University of Pisa (Italy) – Science Faculty of Industrial Chemistry
Position	Professor
Course	Paper mill Plants - Tissue paper making and converting
Period	AA 2003/2004
Organization	University of Pisa (Italy) – Science Faculty of Industrial Chemistry
Position	Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Organization	Industrial Association & Lucense (Lucca – Italy) – Professional Course “Paper Industry Technician”
Position	Professor
Course	Introduction to papermaking
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2004/2005
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2005/2006
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Professor
Course	Paper mill Plants - Tissue paper making and converting

Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2006/2007
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2007/2008
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2008/2009
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2009/2010
Organization	Celsius (Lucca – Italy) on behalf of University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2010/2011
Organization	University of Pisa (Italy) – Faculty of Engineering
Position	Adjunct Professor
Course	Paper mill Plants - Tissue paper making and converting
Organization	Celsius (Lucca – Italy) – Master “Paper and cardboard production and production system management”
Position	Adjunct Professor
Course	Chemical plants for the paper industry - Tissue paper making and converting
Period	AA 2015/2016
Organization	University of Coimbra (Portugal) – Faculty of Engineering
Position	Adjunct Professor (Monographic class)
Course	Tissue paper: specifics of production process and product

Period **AA 2016/2017**
Organization University of Coimbra (Portugal) – Faculty of Engineering
Position Adjunct Professor (Monographic class)
Course Tissue paper: specifics of production process and product

Period **AA 2017/2018**
Organization University of Coimbra (Portugal) – Faculty of Engineering
Position Adjunct Professor (Monographic class)
Course Tissue paper: specifics of production process and product

Period **AA 2018/2019**
Organization University of Coimbra (Portugal) – Faculty of Engineering
Position Adjunct Professor (Monographic classes)
Course Tissue paper: specifics of production process and product

Period **AA 2018/2019**
Organization RAIZ Research Center (Portugal) – Project INPACTUS – Ph. D specialization
Position Adjunct Professor (Monographic class)
Course Tissue paper: specifics of production process and product

Period **AA 2019/2020**
Organization University of Coimbra (Portugal) – Faculty of Engineering
Position Adjunct Professor (Monographic classes)
Course Tissue paper: specifics of production process and product

SPEAKER IN CONFERENCE

Date and location Centro Congressi Milanofiori Assago (Milan - Italy), October 1999
Conference subject Packaging Conference – “Packaging design and implementation: supplier-customer cooperation”
Presentation title Innovative tissue products: packaging and distribution costs
Notes Published on Pack by Tecniche Nuove (Italy), November 1999

Date and location Convegni MIAC Lucca (Italy), October 2005
Conference subject ASSOCARTA Conference “Energy in papermaking: costs, efficiency, quality and environmental protection”
Presentation title Combined cycle co-generation high-performance: the Modesto Cardella (Italy) Paper Mill case history
Notes Published on Carta e Cartiere Jan-Feb 2006 (Italy)

Date and location Estonian Chamber of Commerce, Tallin (Estonia), October 2012
Conference subject Estonia-Netherland trade exchange
Presentation title Doing “tissue” business in The Netherlands: experience for the future

Date and location ABTCP-CIADICYP Congress 2018, Sao Paulo (Brazil), October 2018
Conference subject Beyond the Fourth Industrial Revolution: Humanized Connections among Design, Innovation, Technology and Culture
Presentation title New Tissue For Multicultural Approaches: The Challenge Of Tissue 4.0

Date and location ABTCP – RIADICYP Congress 2019, Sao Paulo (Brazil), October 2019
Conference subject The 3rd international Symposium on Tissue and Recycling Paper Research and Technology
Presentation title Proposed methodology to organize a reliable panel test

Date and location TECNICELPA Conference 2019, Tomar (Portugal), November 2019
 Conference subject Tissue production process: press section, Yankee & hood, coating and creeping
 Presentation title Course Technical Organization & Chairman

RESEARCH ACTIVITIES

Title References	Vibrational analysis on tissue rolls converting rewinders Mechanical Engineering Thesis with Marco Bianchi – AA 1998/1999
Title References Notes	Calender application for handkerchiefs and toilet paper softness improvement Mechanical Engineering Thesis with Alessio Paolinelli – AA 1998/1999 Published on Industria della Carta (Italy), March 2002 Winner of ATICELCA prize for best thesis in paper industry
Title References Notes	Raw materials and process parameters for kitchen towel absorbency improvement Chemical Engineering Thesis with Cristiana Licheri – AA 1998/1999 Published on Industria della Carta (Italy), May 2002
Title References Notes	AFH tissue products: from technical specifications to production process quality control Chemical Engineering Thesis with Laura Tamarri – AA 2001/2002 Effluent water treatment plant in Tissue Paper Mills
Title References	Effluent water treatment plant in Tissue Paper Mills Master Industrial Organization Thesis with Rossella Rossi - AA 2002-2003
Title References	Energy recovery optimization from PM drying section Chemical Engineering Thesis with Azzurra Mervi - AA 2003/2004
Title References Notes	Environmental issues in cardboard paper making process Master “Paper and cardboard production” Thesis with Ginevra Ambrosini – AA 2003/2004 Published by Accademia Lucchese of Sciences and Arts (Italy - 2006)
Title References Notes	After size press humidity profile improvement systems Mechanical Engineering Thesis with Andrea Betti – AA 2003/2004 Published on Industria della Carta (Italy), October 2005
Title References	Planning and implementation of environmental management system for a Paper Mill Logistic Engineering Thesis with Filippo Gronchi – AA 2004-2005
Title References	Waste paper cardboard paper mill (Italy): water treatment extraordinary maintenance intervention Industrial Chemistry Thesis with Linda Di Martella Orsi – AA 2004/2005
Title References	ISO14001 certification process: cardboard Paper Mill case history Logistic Engineering Thesis with Lorenzo Palandri – AA 2004/2005
Title References	The use of chemicals in tissue and offset paper production: the COMCEH (Romania) case history Chemical Engineering Thesis with Irene Morottii – AA 2006/2007
Title References	Tissue from waste paper: analysis of COMCEH (Romania) deinking plant Master “Paper and cardboard production” Thesis with Andrea Alessandrini – AA 2006/2007
Title References	Paper Mill water cycle optimization: biological water treatment design Civil Engineering Thesis with Daniele Nesti – AA 2006/2007

PUBLICATIONS

Title	Quality tissue production plant: MONTE BIANCO (Romania) case history

SKILLS AND COMPETENCES

Capacity of prioritizing assignments and follow through
"Creativity" in obstacles over passing
Capacity of working under pressure with positive approach – Problem solver
Capacity of presenting positive company image
Optimum communication skills, capacity to build relations with all different level of organizations
Team builder
Good teamwork capacity - Leadership attitude – Management
Willness to travel

COMPUTER SKILLS

Competent with most of Microsoft Office Programs

HOBBIES

Reading, Fitness, Music, Travelling

ABOUT ME

I have been married and I have two sons from my first marriage (a girl and a boy working in Italy);
I am actually married for the second time since February 2011
